

EAST LIVERPOOL SCHOOLS ATHLETIC ASSOCIATION

100 MAINE BOULEVARD
EAST LIVERPOOL, OHIO 43920

PREFACE

The coaches, administration, and athletic director believe that the philosophy and purpose of interscholastic athletics is to build character and discipline by participating in athletics. Due to the special program and training of student athletes, a set of training rules should be adopted to protect the athletic program and the rights of the student athlete who participates in the athletic program. The coaches, administration, and athletic director feel that is a voluntary privilege and not a right to participate in the Athletic Program in the East Liverpool School System.

A STUDENT WILL BE DENIED THE PRIVILEGE OF PARTICIPATION IN THE ATHLETIC PROGRAM IF HE/SHE CHOOSES NOT TO FOLLOW THE RULES ESTABLISHED BY THIS CODE.

This code of conduct includes all athletes in all interscholastic athletic events at all levels offered in the East Liverpool City School System. The athlete may be denied the privilege of athletic participation by the head coach, athletic director, or principal. The student and his parents may appeal the denial of participation to the Athletic Hearing Board within seventy-two (72) hours. The student at that time will be given an opportunity to present his side of the alleged infraction to the hearing board. The decision of the Athletic Hearing Board will be given to the student with seventy-two (72) hours of the hearing. The Athletic Hearing Board shall consist of the High School Principal, the Athletic Director, and a coach not involved with the sport in question.

EQUIPMENT

- A. Every athlete who has completed a season in his/her sport must turn in all issued equipment to the equipment manager 1 day after final participation in that sport. An athlete who does not comply with this policy will not be permitted to practice or participate in any interscholastic event.
- B. Any equipment lost or assumed stolen must be returned or paid for in the amount necessary to replace the exact item.
- C. An athlete who has not complied with the above rules will not receive any awards, letters, etc, or be permitted to attend team banquets and functions until proper reparation has been made.
- D. A list of athletes who are deficient in these matters will be given, by the equipment manager, to the building principal for further action.

USE OF TOBACCO

Any participant determined to be using any form of tobacco products – in or out of school – in season (<=>) by the school administration, coaching staff, or local or state authority, shall be denied participation for the remainder of that season.

Out of season infractions will be dealt with by coach, player, and family. <> In season refers to the designated season dates determined by O.H.S.A.A.

ALCOHOL AND DRUGS

The use, possession or distribution of drugs, "look-alike" drugs, or alcoholic beverages will not be permitted by student athletes at any time – in or out of school. An athlete shall be defined as a student participating from the first day of practice in any sport until the first day of practice in the same sport the following year. Any student athlete determined to have violated this policy by the school administration, coaching staff, or local and/or state authorities will be subject to the following minimum consequences.

First Offence

(1) The student shall be denied participation in the Athletic Program until the beginning of the O.H.S.A.A. defined season of the current sport the following year.

(2) Following the completion of his/her current sport season, the student may Make a written request to the Athletic Hearing Board for conditional reinstatement to the privilege of participation in the athletic program provided he/she has:

- (a) Provided evidence of completing a substance abuse assessment evaluation through the Family Recovery Center; or other similar agency qualified to perform such Assessment and approved by the Athletic Hearing Board
- (b) Provided he/she complies with all recommendations and/or programs resulting from the above assessment
- (c) Provided he/she refrains from distributing, possessing, using, or consuming any alcoholic beverages and/or drugs throughout his/her high school enrollment

Second Offence

(1) The student shall be denied the privilege of participation in the Athletic Program for the remainder of their high school enrollment.

STEALING

An athlete determined to have been stealing will be removed from the team. If an athlete has in his possession stolen goods, failure to return the goods to school or teammates is cause for removal from the team.

PRE-PARTICIPATION

It is the responsibility of the athlete and parents (guardians) to make sure the athlete has a properly signed and completed physical card, emergency medical release form (available in the main office) and with this form, adequate insurance coverage with the school, or a signed Insurance Waiver Form, and a signed copy of this Athletic Code on file with the building principal. Failure to meet any of the above items will forfeit the privilege by the athlete to attend practices and participate in interscholastic events.

ACADEMIC ELIGIBILITY

Student eligibility, determined and interpreted by the Ohio High Athletic Association, will be followed according to the by-laws and constitution of the association.

OTHER INFRACTIONS

Items not explicitly covered in this code such as insubordination, vandalism, truancy, profanity, etc., will be dealt with as stated in the student conduct code.

AMATEUR ATHLETIC STANDING

The Ohio High School Athletic Association regulations specify:

A student who represents a school in an interscholastic sport shall be an amateur in that sport. An amateur athlete is one who engages in athletic competition solely for the physical, mental, social and pleasure benefits derived therefrom. An athlete forfeits amateur status in a sport by:

- a. competing for money or other monetary compensation (allowable travel, meals, and lodging expense may be accepted),
- b. receiving any award, playing equipment, or prize of monetary value which exceeds the amount approved by the association,
- c. capitalizing on athletic fame by receiving money or gifts of monetary value (scholarships to institutions of higher learning are specifically exempted).
- d. signing a professional playing contract in that sport,
- e. failing to return player equipment and uniforms issued by a non-school team or organization when the season for the sport is concluded.

NCAA ADMISSION STANDARDS

Athletes considering the possibility of earning an athletic scholarship to an NCAA Division 1 or 2 university should see their counselor as soon as possible after entering high school. To be eligible for one of these scholarships, the student athlete must be certified by the NCAA Initial-Eligibility Clearinghouse. This is your responsibility as a Prospective Student Athlete.
